Bhargav Katkam

Portfolio

Professional Summary

Full-stack developer proficient in the MERN stack with a strong foundation in data structures and algorithms. Experienced in building scalable web applications with AI integration, real-time features, and secure authentication. Demonstrated ability to lead projects from conception to deployment, with a focus on creating responsive and user-centric solutions.

Professional Experience

Web Developer

July 2024 - Sep 2024

Krishna Decorations | Freelance

- Developed responsive business website using React and Netlify, improving online visibility and generating 40+ client inquiries within the first month
- Managed end-to-end project delivery from requirements gathering through deployment, ensuring on-time delivery and client satisfaction

Technical Skills

Languages: JavaScript, Java, C, HTML5, CSS3

Frontend: React.js, Next.js

Backend: Node.js, Express.js, REST APIs

Databases: MongoDB

Tools & Platforms: Git, GitHub, Socket.IO, Stripe, Convex, Netlify

Concepts: Data Structures, Algorithms, OAuth, JWT, Agile Methodologies

Projects

Spartan AI — AI Assistant Platform | Next.js | Convex | Eden AI API

Sep 2025 – Present

- Built full-stack platform with 8+ AI assistant personas and 4+ AI model integrations, implementing encrypted real-time chat, OAuth authentication, and Stripe subscription system processing 100+ monthly API calls
- Designed an AI memory engine that extracts 10+ conversation data points, achieving 90% context retention and reducing response time by 40% through personalized interactions

SkillSync — AI-Powered Open Source Matchmaker | MERN Stack | GitHub API

July 2025 – Sep 2025

- Developed AI matching system analyzing recent posted issues with 80% accuracy in issue-recommendation, serving currently 40+ developers and reducing issue discovery time by 30%
- Integrated GitHub OAuth and REST APIs to automate skill profiling, reducing manual profile setup time by 70% and improving user onboarding completion rate by 40%

Education

N.B.Navale Sinhgad College Of Engineering

2022 - 2026

B.Tech in Computer Science — CGPA: 8.98/10

Solapur, Maharashtra

Narayana Junior College

2022

Higher Secondary — Percentage: 90.5%

Hyderabad, Telangana

H.C.C English Medium School

2020

Secondary School — Percentage: 82.80%

Solapur, Maharashtra

Certifications

Java Programming Certificate (113 Hours) – Infosys Springboard (Apr'24)

React.js – Infosys Springboard (May'24)

Web Development Workshop – GDG on Campus, Orchid (Mar'24)

Leadership & Achievements

Google Developer Group (GDG) Campus Organizer – Organized 10+ technical workshops for 100+ students

Finalist in HackFusion2.0 National Hackathon – Top 6th team nationally

President of C.O.R.E Committee – Led multiple technical and cultural events
